 @Workspace Systems

 @Workspace Systems

ABOUT ICF GROUP

Established in 1998, ICF is a specialist provider of healthcare adjacent furniture based in Victoria, Australia.

As of 2024, it has been acquired by Workspace Systems, an original Bairnsdale retailer since 1995.

We now service clientele in Gippsland and surrounding areas, including public hospitals, retirement villages and private health care practices.

Today, Workspace Systems' ICF Group provides refreshing healthcare and aged care furniture options that your patients/residents and staff will love.

We believe aged care and medical institutions should be comforting and homely, whilst maintaining important healthcare industry principles such as safety, ergonomics and easy cleaning. Our range includes practical and attractive furniture, with a goal to de-institutionalise healthcare environments.

Contact us today to receive a highly personalised service, with complete supply and configuration solutions to suit your premises.
